

a built-in memory for storing image data representing a plurality of captured images, said built-in memory being provided in a camera body;

87 Cont
C2 Cont
a detachable memory card for storing image data, said detachable memory card having a larger storage capacity than said built-in memory, wherein the digital camera is useable to capture the plurality of images when the detachable memory card is detached from the camera;

an insertion slot for receiving said detachable memory card;

a detector for detecting insertion of said detachable memory card into said insertion slot; and

a memory controller for automatically transferring the image data from said built-in memory to said detachable memory card upon said detector detecting said insertion.-
